

Expert GIS Consultancy

With one of the largest and most experienced GIS teams in Ireland, Mallon Technology is perfectly placed to provide your organisation with expert advice on the most suitable GIS solution to meet your needs.

All our solutions are individually tailored and designed specifically to directly address your requirements.

Building Strong Relationships

We value our customer relationships highly and have a dedicated team who will work closely with you to find the most appropriate and cost effective solution, developing a strong and lasting relationship in the process.

Our team are on hand to guide you through every step of your solution, from conception to implementation, ensuring minimal disruption to your business operations.

All our solutions are backed up with continuing support maintenance and training to help ensure you are able to make the most of your location data.
